Attachment A to the Indirect Channel Partner Agreement

Cisco Services Partner Program

The Cisco Services Partner Program ("CSPP") is an attachment ("Attachment") that supplements the Agreement and all the terms and conditions of the Agreement apply to this Attachment, provided that, to the extent that there is a conflict between the Agreement and this Attachment, the terms of this Attachment shall take precedence over the terms and conditions of the Agreement with regard to the subject matter described herein.

1. DEFINITIONS.

- 1.1 **Additional Program Documentation** means the Cisco Services Partner Program Operations Guide, Build Your Services Portfolio, and Cisco Services Partner Program Eligible Bookings Guide incorporated by reference within the Program Guide.
- 1.2 **Cisco Branded Services** means those service offerings identified as Technical Services and Advanced Services made available for purchase and resale by Reseller under the Program, which can be found at www.cisco.com/go/capp.
- 1.3 **Collaborative Services** means those service offerings identified as Collaborative Technical Support and Collaborative Professional Services made available for purchase by Reseller under the Program, which can be found at <http://www.cisco.com/go/capp>.
- 1.4 **Deliverable(s)** means, with respect to each Service Description or SOW, the Reports to be delivered by Cisco to Reseller as specified in the Service Description or SOW, if any.
- 1.5 **End User Network Information** means the information about End User's network that is collected, stored, and analyzed in connection with the Data Collector Tool, and may include, without limitation, the following information: configurations (including running configurations and startup configurations), product identification numbers, serial numbers, host names, equipment locations, IP addresses, system contacts, equipment models, feature sets, software versions, hardware versions, installed memory, installed flash, boot versions, chassis-series, exceptions to such information (e.g., duplicate host name, duplicate IP address, device running interim release image), slot IDs, card types, card families, firmware versions, and other network and inventory information as deemed appropriate by Cisco.
- 1.6 **Excluded Service Programs** means those services not available under the Program but made available under Cisco's Solution Technology Integrator program, Cisco's Partner Essential Operate Support program, and Cisco's Smart Care Service program, and any other services that Cisco elects to exclude from this Program, subject to providing sufficient Notice.
- 1.7 **Intellectual Property** means any and all tangible and intangible: (i) rights associated with works of authorship throughout the world, including but not limited to copyrights, neighboring rights, moral rights, and mask works, and all derivative works thereof, (ii) trademark and trade name rights and similar rights, (iii) trade secret rights, (iv) patents, designs, algorithms and other industrial property rights, (v) all other intellectual and industrial property rights (of every kind and nature throughout the world and how ever designated) whether arising by operation of law, contract, license, or otherwise, and (vi) all registrations, initial applications, renewals, extensions, continuations, divisions or reissues thereof now or hereafter in force (including any rights in any of the foregoing).
- 1.8 **Other Product** means Product an End User acquired from sources other than Reseller.
- 1.9 **Previous Service Program** means the support program(s) including, but not limited to, Cisco Brand Resale ("CBR"), Cisco Shared Support Program ("CSSP"), and Cisco's Partner-Core Bridge Service program, and Co-Brand Foundation Program, under which Reseller was or may have been previously participating, and receiving services from Cisco, prior to the Program becoming available.
- 1.10 **Program** means the Cisco Services Partner Program.
